

## MANCHACA FIRE/RESCUE PROBATIONARY FIREFIGHTER SKILLS EVALUATION

### LADDERS

#### **Objective:**

The probationary firefighter shall deploy and raise a 24 foot extension ladder from the apparatus and place it for the function requested by the examiner.

#### **Instructions:**

Wearing structural firefighter PPE, the PFF will deploy a 24 foot extension ladder and raise it to a structure using the method requested and spot the ladder for the function as indicated by the examiner (roof access, ventilation, entry/rescue).

#### **Preparation and Equipment:**

1 Apparatus with Ground Ladders  
Firefighter's Structural PPE
